Made for the Grill Masters!

O Skari Ltd. is a family-owned company with over 20 years of experience in the production of meat preparations and products for grilling. Our team is committed to delivering high-quality products by applying modern practices in meat processing.

We operate a modern production facility in Pleven, Bulgaria that meets European standards for food safety and hygiene. Our highly qualified staff closely monitors every stage of production - from raw material control and compliance with technological processes to cooling, storage and transportation. Our ISO 22000-certified Food Safety Management System ensures full traceability and a high level of food safety.

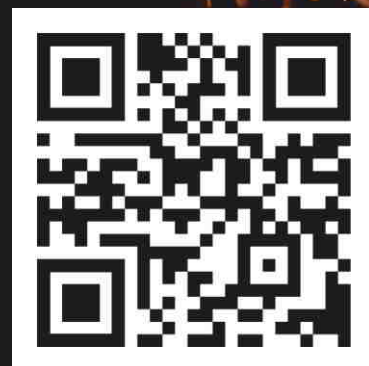

Drawing on many years of experience, we have developed a diverse product range with authentic flavour, based on both traditional and original recipes. Our products are supplied to HoReCa businesses and are also available through retail outlets across the country.
